

Year 4 Homework

Monday 11th September - Friday 27th October 2023

Project

Hand in date: Monday 23rd October 2023

We expect at least five of these projects to be completed over the half term. You may use your project book or present in other formats. Can you earn your half term certificate in recognition of your project?

This half term our topic is Living Things and their habitats

Please carry out some research about this topic.

Children you will present your project to your class at the end of the half term.

Below are some ideas about how you could present your project-

- Design and make a bird box or bug motel.
- Create a model of a habitat such as a birds nest or a bee hive.
- Create a power point about the 7 Life Processes (MRS NERG).
- Draw a map of your garden and the different plants, animals and habitats that you find.
- Create a fact file about a plant or animal and their habitat.
- Write a poster about How we know that something is living (MRS NERG).

Project Books only need to be returned to school on this date.

English

Spellings-

Children will have a spelling test each Friday and bring home their score.

Education City

Please check for tasks set by the teachers on Education City each week. Feel free to use it independently also.

Time Tables Rock Stars

You can use Rock Stars to practise your timetables! *This is important as The Multiplication Tables Check will be sat by Year 4 pupils in June 2021.*

Maths

Multiplication facts-

In year 4 children will be using all of the times tables from 2x to 12x to help them to solve problems. Please continue to practise these timetables. If you know them all move on to the corresponding division facts. When children are tested they will bring home their scores.

Reading

Your child will bring a book home every Friday.

These should be returned each Friday.

(Reading journals will not be used at this present moment). Children will read to the teacher and answer comprehension questions each week.
