

To RWS

Your time in Reception is over, how fast the weeks did go.

I really loved being your Teacher, and I thought that you should know.

Well, what a year it has been, but somehow, we made it through.

We had many plans and ideas, and lots of things to do.

From learning about subjects like phonics and math's.

To using your imaginations and following your own paths.

But school was closed to most of you, as Lockdown was put in place.

Which meant that you were all safe at home, but I could no longer see your face.

The year 2020, in the history books it will go.

A story for your grandchildren, when the world was shut and there was no place to go.

There will still be lots of challenges as you move into Year one.

But I hope that what we learned in class, will help you to move on.

Please come back to see me, as through the years you grow.

Keep on trying hard to learn, there is still so much more to know.

I hope you all have a lovely summer and I look forward to seeing you all in September.

Stay safe.

Love from Mrs Welch-Smith xxx
