

Hello 1S,

This academic year has been rather different. We started our term having so much fun, learning new skills and exploring our curriculum. Do you remember when we were exploring the book "Man on the Moon" and in P.E we were pretending to be astronauts flying around in space. We got really creative in December, learning new art techniques and D.T skills to make Christmas cards, calendars and all of our tree decorations for the Tree Fair at St Mary's Church.

Then our time together was paused very quickly and we could no longer be together as a class because we all needed to stay safe. Learning and growing together became learning at home and changing how we learn new things.

I have missed you all so much and glad I was able to speak to you on the phone and receiving the emails with some of your work really made me smile. I am sad that we did not get to spend more time with each other together as a class. So I just want to say Thank you for making my life so much brighter this year. It is now the time to say goodbye and how much I will miss being your teacher. Always remember the fun times you have had throughout Year One.

I would also like to thank the parents for sharing your wonderful children with me. This year has been different for us all and I know you have done all you can to continue their learning at home.

Always strive to be the best you can be!

Love from Miss Seales
