

Hi 3W

Let us first begin by saying how proud we are of the way you have behaved and conducted yourselves throughout the last four months. You have shown how resilient and sensible you are. It was so uplifting to see your lovely smiles and hear your happy voices in the zoom meeting.

Although this year has been a funny year we can still reminisce on some of the really good times we've had; such as our wonderful harvest assembly - wow what a proud moment that was! Our brilliant swimming lessons and how well all of you progressed and the fantastic expectation you set when we were outside of school - what outstanding ambassadors you are for St Mary's.

Recently we have been looking through your books and it's amazing how far you have progressed since September; all of the hard work and effort you have put in through the year has really shone through!

Despite our year being cut short it really has been an honour to teach all of you and we can't wait to see you back in school. All the best for Year 4!

Take care, stay safe and remember keep smiling!

Miss Woodley, Mrs Noble - Fleary and Miss Williams X
