

## To my wonderful 5H

I Hope you're well and keeping safe! Let's start this off with our school prayer:

A tiny light a tiny prayer for gods blessings everywhere.

I just wanted to say how much I miss you all and I wish we had the opportunity to see the whole year through together as a class and a team. I would have loved to see how you have grown in confidence and developed as individuals.

We've had an amazing journey so far; both ups and downs and it's so difficult to choose just one special memory because we've had so many. One of my personal highlights is our class assembly all about Diwali; where you showcased your amazing acting abilities, teamwork, and unity. Another fun memory is when we worked as a whole year group to make pancakes and how delicious they were!

I am so proud of all the effort you have made during home learning and I have thoroughly enjoyed receiving all of your hard work to look at; I am impressed and I hope you continue this hard work throughout the six weeks holiday in preparation for your final year at St Mary's.

On a final note I may no longer be your class teacher but my door will always be open to you next year.

Enjoy the summer holidays, look after yourselves and your family members and I can't wait to see you back in September.

Lots of love

Miss Hira x
