

Dear 6W,

It has been an honour and a pleasure to be your Y6 teacher. I am so proud of the quiet, consistent determination that all of you have demonstrated. Even after our school had to close, I continued to be impressed by the quality and quantity of work emailed to me. Remember that with hard work you really can achieve anything.

You have shown kindness and support for each other and for the younger children. I am particularly proud of those of you who willingly gave up your own lunch times to help some of the younger children improve their times table knowledge.

You are moving on to Secondary school at a memorable point in history. As you begin your new school, remember that first impressions count. Remember what St Mary's has taught you: act with kindness, be respectful, work hard and embrace every opportunity.

Look forward and enjoy every second of your new school. I can't wait to hear how well you are all doing in KS3. Keep in touch.

Love from

Mrs Winters
