

# Homework

Tuesday 7th January - Monday 10th February

**Project hand in date: Monday 10th February 2025**

*We expect at least three of these projects to be completed over the academic half term. You can use your project book to record your work and to practise your spellings. You can also present your work in other formats, so be creative! Can you earn your half term certificate in recognition of your project?*

*Any projects that are completed can be brought into school on Monday 10th February .*

This half term our History topic is 'Changes in Living Memory', focusing on travel and transport. Please carry out some research on travel and transport. You will present your project to your class at the end of term. Below are some ideas about how you could present your project -

- Design a future form of transport.
- Compare past and present modes of transport.
- Create a poster of all the different types of transport you can name.
- Speak to an older family member and ask them to describe their memories of how transport has changed and write about this.
- Research and write a fact file about a historical figure that has influenced transport.
- Draw and label the parts of a vehicle and write what each part does.
